

HW 6 reflection

(1) In retrospect, what could you have done better to reduce the time you spent solving this assignment?

In this assignment I actually felt like I was pretty efficient with my time. I feel like I could of maybe done better in designing a better structure for the new marvel paths class.

(2) What could the Principles of Software staff have done better to improve your learning experience in this assignment?

I think a little more clarity could be given in regards to some of the functions we had to rewrite.

(3) What do you know now that you wish you had known before beginning the assignment?

I wish I had known a little bit more about test cases to write better tests.
